1. At the bottom right, select the time and then Settings Image not found or type unknown
2. At the bottom left, select **About ChromeOS**.
3. Under "Google ChromeOS," find which version of the Chrome operating system your Chromebook uses.
4. Select **Check for updates**.
5. If your Chromebook finds a software update, it will start to download automatically.

> You might need to try to run updates a **few** times because the update may fail on the first few attempts. Press **F5** (Refresh) a few times.
